

We are going to make this a following instructions grade.

I will not help you in this process since the grade is all about READING and FOLLOWING INSTRUCTIONS. There is to be absolutely NO TALKING! You must finish the process in the time given.

Good Luck! Yes, you may write on this paper.

Today, you will be adding your study stacks to your Quizlet app.

If you haven't set up your Quizlet app user account:

1. Click on your Quizlet app.
2. Select [Sign Up]
3. Create your own Username and Password. Be sure it is one you will remember or write it down.
4. Put in the year you were born. (They are testing to see if you are 13 here). Why? If you are 12, you must use your parents email address in the next blank. If you are 13, or will be 13 before December 31st of this year, you may use your own school email address.

Are you 12 and don't know your parents' email address? Too bad. You were actually assigned this for homework last weekend and today is FRIDAY. Even if you don't have email, you were still supposed to find out their email.

Your grade stops here.

5. Put in the email address.
6. Exit out of your Quizlet app.

*Be aware that if you had to do this step, you might not finish in time, and there will not be allowances for this. This step should already have been done.

Those of you who have your Quizlet app account ready to go:

First of all, thank you for following instructions.

1. Go to my Wiki space.
2. Go to my Wiki Menu.
3. Select [STAAR Vocabulary]
4. Select [STAAR Vocabulary Unit 1]

This will take you to the Quizlet website, not the app.

5. Log in to your Quizlet account in the top right hand corner of the Quizlet website using the same login and password that you used when you set up your Quizlet app. Once you are logged in, you will see your username in the top right hand corner of this webpage.
6. While on the same Quizlet webpage, scroll down a little and you will see a button, [Add to favorites]; Select this button. The screen will blink at you. That's good. The stack you are currently looking at was sent to your app.
7. [X] out of the Quizlet webpage.
8. You should still be on my STAAR Vocabulary Page.

Select the following stacks by repeating steps 6 and 7 to add each one:

STAAR Vocabulary Unit 1
STAAR Parts of Speech
STAAR Point of View
STAAR Parts of Plot
STAAR Suffixes for 7th Grade

9. Go to my Sadlier-Oxford Vocabulary Page.
10. Select [S-O Unit 1].
11. Repeat steps 6 and 7 to add this stack.
12. Completely exit out of my Wiki.
13. Find your Quizlet app and select it. (Login if you are prompted to).
14. Find your newly added stacks in [Favorites].
15. Raise your hand to show me that you have completed all the tasks in the time given. I will come and check your work. If you finished before the timer went off, you made a 100. Good job on following instructions!
16. Continue to add stacks in this way throughout the school year. We will not have class time set aside to do this.
